## SFI20219 Certificate II in Fishing Operations

### Modification History

Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

### Qualification Description

This qualification reflects the role of individuals who support fishing operations in the fishing sector of the seafood industry. In this role, these individuals undertake a range of routine tasks such as using fishing equipment to land catch, maintaining the temperature of seafood catch, assembling and repairing netting and undertaking deckhand duties aboard a vessel under the direction of a supervisor.

The environments in which these individuals work include:

- fishing vessels
- charter vessels
- aquaculture farms using wild caught broodstock or seedstock.

All work is carried out to comply with workplace procedures, according to state/territory health and safety, food safety, biosecurity and environmental regulations, legislation and standards that apply to the workplace.

The MAR units in the elective bank are subject to licencing and regulatory requirements. These units must be implemented in line with the requirements of the *MAR Maritime Training Package*.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

### Entry Requirements

There are no entry requirements for this qualification.

### Packaging Rules
