SFICPL410 Promote fisheries management awareness programs

Release: 1

SFICPL410 Promote fisheries management awareness programs

Modification History

Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

Application

This unit of competency describes the skills and knowledge required to plan and conduct fisheries management awareness programs for commercial, recreational and traditional fishers and the general public.

The unit applies to individuals who identify opportunities for promotion and awareness of fisheries management, develop plans for activities, find and use resources within the organisation and conduct and evaluate the program's success.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Compliance (CPL)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Identify opportunities for awareness-raising activities	1.1 Identify opportunities for increasing industry and public awareness of legislation and fisheries management principles with team members 1.2 Identify and obtain resources within the organisation that can support the promotion and awareness activities 1.3 Select awareness and promotional activities that are consistent with awareness program aims and the goals of the organisation, are cost-effective and will maximise audience coverage for minimum

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
	effort
