Assessment Conditions

Skills must be demonstrated in a beauty industry environment; this can be:

- a beauty industry workplace or
- a simulated beauty workplace set up for the purpose of skills assessment, that provides services to paying members of the public.

Assessment must ensure access to:

- paying clients, both new and regular, with different lash and brow requirements, who have the expectation that the services provided reflect those of a commercial business
- hand washing facilities:
 - basin
 - hot and cold running water
 - liquid soap
 - single use towels or hand dryer
- relevant workplace documentation:
 - blank client records
 - organisational policies and procedures relevant to lash and brow services

- safety data sheets for cleaning products.

Assessment must ensure use of:

- cleaning and disinfection products and equipment
- disposable wax applicators
- hot and strip wax products from comprehensive and professional product range
- hot wax pots
- tweezers
- wax strips
- individual work station consisting of:
 - treatment table with safe working access at both ends and sides
 - individual electricity supply
 - magnifying lamp
 - operator chair
 - trolley for products, bowls and equipment
- personal protective equipment:
 - disposable gloves
 - aprons
- tints from comprehensive and professional product range
- treatment towels or linen, or disposable linen.

Assessment activities that allow the individual to:

- provide lash and brow services within commercially realistic speed, timing and productivity
- demonstrate competency in an environment reflective of real work situations
- manage tasks and contingencies in the context of the job role.

Assessors must satisfy the Standards for Registered Training Organisation's requirements for assessors and:

- hold a qualification as a beautician or beauty therapist
- have worked as a beautician or beauty therapist for at least three years where they have applied the skills and knowledge of this unit of competency.
