Release: 1

SHBBHRS003 Provide male intimate waxing services

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to provide waxing services to remove unwanted hair from male intimate areas.

It requires the ability to consult with clients, plan service to apply and remove hot and strip wax safely. Intimate male waxing can be an individual service or form part of a series of services.

This unit applies to beauticians and beauty therapists who work in beauty or hair removal salons. In this environment they work as part of a team but make independent treatment decisions; demonstrate sensitivity, maturity and confidentiality in their client interactions; and have knowledge across a range of waxing techniques and waxing products.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
