Assessment Requirements for SHBBMUP004 Design and apply remedial camouflage make-up

Release: 1

Assessment Requirements for SHBBMUP004 Design and apply remedial camouflage make-up

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- communicate, develop and adjust camouflage make-up plans and apply safe and appropriate remedial camouflage make-ups for three clients with differing face and body remedial camouflage objectives
- design and record camouflage make-up plans for each client above specifying details of:
 - areas and condition requiring camouflage make-up techniques
 - client requirements and concerns
 - colour analysis and design
 - contraindications to make-up services
 - products and application techniques
 - skin types and conditions
- present self, according to organisational policy
- manage product quantities to avoid waste of consumables
- comply with health and hygiene regulations and requirements.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- state or territory and local health and hygiene regulations and requirements relevant to make-up services
- organisational policies and procedures relevant to make-up services:
 - client record management
 - equipment and product use and maintenance
 - incident reporting
 - personal hygiene and presentation
 - waste disposal
 - work health and safety
- legal and insurance liabilities and responsibilities regarding make-up services
- scope of practice:
 - importance of not stating a diagnosis of contraindications

- when to refer clients to other practitioners
- factors which influence the application of remedial camouflage make-up:
 - facial shapes and their relationship to elements and principles of make-up design
 - effects of natural light and artificial light on cosmetics
 - colour design principles:
 - colour wheel
 - primary, secondary, tertiary, complementary and grey scale colours
 - tonal value, hue and shade
- appearance of the following that may require remedial camouflage make-up:
 - birth marks
 - capillary naevus
 - chloasma
 - hypertrophic and keloid scars
 - leucoderma or vitiligo
 - moles or pigmented naevi
 - psoriasis
 - rosacea
 - scars
 - spider naevus
 - strawberry naevus
 - tattoos
- contraindications, that prevent or restrict make-up services, and their relationship to make-up services:
 - bacterial, fungal, parasitic and viral infections
 - abnormal skin
 - recent skin treatments such as injectables, Intense Pulsed Light (IPL), laser, surgery
- appearance of the following common skin types and conditions and their relationship to make-up services:
 - oily/lipid
 - dry/alipid/lipid dry
 - diffused red
 - pigmented
 - couperose
 - damaged
 - mature
- chemical ingredients and pigments in make-up products and their effects on skin
- effects created by application of specific make-up products and colour application techniques:
 - highlighting
 - shading

- contouring
- range of camouflage make-up products used to achieve remedial make-up
- sustainable operating procedures for the conservation of product, water and power
- aftercare advice and products to maintain and remove make-up applications.

Assessment Conditions

Skills must be demonstrated in a beauty or make-up services environment; this can be:

- an industry workplace or
- a simulated beauty workplace set up for the purpose of skills assessment, that provides beauty services to paying members of the public or freelance services for paid make-up assignments.

Assessment must ensure access to:

- paying clients, both new and regular or models as part of paid assignments, with different make-up requirements, who have the expectation that the services provided reflect those of a commercial business
- hand washing facilities:
 - basin
 - hot and cold running water
 - liquid soap
 - single use towels or hand dryer
- relevant workplace documentation:
 - blank client records
 - organisational policies and procedures relevant to make-up services
 - manufacturer instructions and safety data sheets.

Assessment must ensure use of:

- adjustable make-up chair
- brush sanitiser
- cleaning and disinfection products and equipment
- disposable cotton buds, facial wipes, spatulas and tissues
- hand held mirror
- hand sanitiser
- headband or hair clips
- magnifying lamp
- make-up equipment:
 - brushes for foundation, eye make-up and powder
 - make-up box
 - pencil sharpeners

- protective bibs
- sponges and wedges
- tweezers
- make-up lighting
- make-up products from a comprehensive camouflage make-up range:
 - blushers
 - concealers
 - fixative
 - foundations – water based or oil based with varying degrees of pigmentation and coverage
 - pencils
 - powders
 - pre make-up products and stabilisers
- skin cleansers, toners, moisturisers.

Assessment activities that allow the learner to:

- complete camouflage make-up within commercially realistic speed, timing and productivity
- demonstrate competency in an environment reflective of real work situations
- manage tasks and contingencies in the context of the job role.

Assessors must satisfy the Standards for Registered Training Organisation's requirements for assessors and:

- have worked in the beauty or make-up industry for at least three years where they have applied the skills and knowledge of this unit of competency.
