Assessment Requirements for SHBBNLS012 Apply advanced nail art

Release: 1

Assessment Requirements for SHBBNLS012 Apply advanced nail art

Modification History

Supersedes and is not equivalent to SHBBNLS006 Apply advanced nail art.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- provide five safe and appropriate quality nail services for clients that cumulatively demonstrate each of the following advanced nail art techniques:
 - stencilling
 - free form art design
 - two or more colours
 - gel or acrylic colour design or art
 - mixed media with a minimum of four different colours
- design and record nail art plans for each client of the above five clients, specifying details of:
 - adverse reactions
 - after-care advice
 - areas requiring special treatment
 - client feedback
 - colours and jewellery used
 - contraindications
 - design
 - nails analysis
 - range and variety of nail art
 - tools and equipment.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- state or territory and local health and hygiene regulations and requirements relevant to nail art services
- organisational policies and procedures relevant to nail services:
 - client record management
 - dust extraction
 - equipment use and maintenance

- incident reporting
- linen use and laundry procedures
- methods of venting air
- personal hygiene and presentation
- presentation of treatment area
- safe use of chemicals
- use of personal protective equipment for client and operator:
 - dust masks
 - gloves
 - goggles
- waste disposal
- work health and safety
- scope of practice as it applies to nail art services:
 - when to refer clients to other practitioners
 - importance of not stating a diagnosis of a contraindication
- appearance and gross anatomy of skin and nails
- growth, shape and functions of nails
- contraindications which prevent treatment or require referral to health practitioners and relationship to nail art services:
 - allergic reactions
 - bacterial, fungal, parasitic and viral infections
 - bruising or swelling around nail
 - contraindications of products used in combination or with other services
 - damaged natural nails
 - abnormal skin around nail
- appearance of skin and nail disorders, and relationship to nail art services
- principles of design in relation to selection and application of advanced nail art
- basic principles of colour selections and combinations
- adverse effects of nail art products
- advanced nail art product and equipment range
- maintenance, care and cleaning requirements for nail art tools and equipment, and service area
- safe and environmentally effective methods of venting nail chemical fumes
- safety data sheet requirements, location and use in salon
- sustainable operating procedures for the conservation of product, water and power
- aftercare advice, products and future services to maintain nail art.

Assessment Conditions

Skills must be demonstrated in a nail services environment; this can be:

- a beauty industry workplace or

- a simulated beauty workplace set up for the purpose of skills assessment, that provides services to paying members of the public.

Assessment must ensure access to:

- paying clients with different advance nail art needs, who have the expectation that the services provided reflect those of a commercial business
- hand washing facilities:
 - basin
 - hot and cold running water
 - liquid soap
 - single use towels or hand dryer
- relevant workplace documentation:
 - blank client records
 - organisational policies and procedures relevant to nail services
 - manufacturer instructions and safety data sheets.

Assessment must ensure use of:

- acrylic nail equipment:
 - acrylic clippers
 - brushes for application of artificial nails and primer
 - buffers
 - dappen dishes
 - sculpting forms
 - tip cutters
- acrylic products from comprehensive professional range that include:
 - primers
 - acrylic nail remover
 - dehydrator
 - acrylic adhesive
 - monomers
 - polymers
 - various styles of tips
 - cleaning and disinfection products and equipment
 - client chairs
- gel nail equipment:
 - brushes for application of gel
 - curing lights
 - sculpting forms
- gel products from comprehensive professional range:
 - coloured gel
 - dehydrator

- gel cleanser
- multilayer UV gels or base-build top
- nail adhesive
- primer
- UV and non-UV gel products
- various styles of tips
- hand and nail sanitiser
- manicure table with table lamp and mats
- nail art equipment:
 - curved scissors
 - cuticle pushers
 - dotter
 - electric file or hand file
 - nail files
 - marbiliser
 - nail art brushes
 - nail clippers
 - tweezers
- nail art products from comprehensive professional range:
 - adhesive
 - decals
 - foils
 - glitters
 - polishes
 - diamantes
 - studs
 - charms
 - rhinestones
 - stripping tape
- operator chairs
- personal protective equipment that includes:
 - disposable gloves
 - dust masks
 - safety glasses
- dust and vapour extraction unit
- treatment towels, cotton or disposable.

Assessment activities that allow the individual to:

- complete advanced nail art treatments within commercially realistic speed, timing and productivity
- demonstrate competency in an environment reflective of real work situations

- manage tasks and contingencies in the context of the job role.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors and:

- hold a qualification as a nail technician or beauty therapist
- have worked as a nail technician or beauty therapist for at least three years where they have applied the skills and knowledge of this unit of competency.
