SHBBSKS008 Provide upper body piercings

Modification History

Supersedes and is not equivalent to SHBBSKS004 Provide upper body piercings.

Application

This unit describes the performance outcomes, skills and knowledge required to provide upper body piercing services.

It requires the ability to consult with clients, select tool and jewellery to safely pierce nose, ear cartilage and navel. Upper body piercing service can be provided for a single or multiple area piercings.

This unit applies to beauty therapists who work in beauty salons. In this environment they are part of a team but make independent treatment decisions; demonstrate sensitivity, maturity and confidentiality in their client interactions; and have knowledge across a range of piercing techniques and products. They provide the service within skin penetration guidelines.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
