SHBHTRI003 Develop and apply scalp treatment therapies

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to develop and apply individual or multiple scalp treatments in response to trichological assessments. The treating hairdresser or barber may or may not have completed the initial assessment. It also requires communication with clients to provide advice on self-administered parts of the treatment program and lifestyle factors to be adhered to between clinical treatments.

This unit applies to senior hairdressers and barbers who work in salons. They work independently, have considerable specialist skills and knowledge and provide technical leadership, training and support to team members.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
