SIFCBCR014 Reinstate vaults or crypts

Release: 2

SIFCBCR014 Reinstate vaults or crypts

Modification History

The details of this endorsed unit are in the table below. The latest information is at the top.

Release	Comments
2	Editorial correction to prerequisite code.

Application

This unit describes the performance outcomes, skills and knowledge required to close and seal mausoleum crypts or below ground burial vaults after burials. It applies to cemetery and crematorium staff involved in burial work, and involves working with some level of autonomy and according to work health and safety, relevant legislation and workplace policies and procedures.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

SIFCWHS001 Identify hazards and assess risks in a cemetery or crematorium

SIFCWHS002 Work in confined spaces

Competency Field

Burial and Cremation Operations

Unit Sector

Cemetery and Crematoria

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1. Prepare to close vault or crypt.

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- 1.1 Liaise with supervisor and team members to identify and confirm work requirements.
- 1.2 Confirm correct vault or crypt to close.

- 1.3 Identify, prepare and use personal protective equipment.
 - 1.4 Select and assemble tools and equipment according to work requirements.
 - 1.5 Check tools and equipment for serviceability and report faults.
 - 1.6 Detect safety hazards and report hazard or excavate area.
 - 1.7 Place lifting device or equipment for safe access to vault or crypt.
 - 1.8 Remove flowers from top of coffin or casket according to client requirements.
 - 1.9 Fill vaults or move coffin or casket to rear of crypt.
 - 1.10 Identify, analyse and implement risk treatments for entering and exiting vaults or crypts.
2. Close and seal vault or crypt.
 - 2.1 Release internal drainage and ventilation seals between rear and front crypt as required.
 - 2.2 Place vault or crypt lid for sealing and seal lid according to future access requirements.
 - 2.3 Reinstall face plate.
 - 2.4 Use tools and equipment according to manufacturer guidelines.
3. Clean work area.
 - 3.1 Clean exterior of vault or crypt to cemetery's presentation standard.
 - 3.2 Remove, clean and store tools and equipment.
 - 3.3 Present vault or crypt according to client requirements.

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

SIFBCR009A Reinstall vaults or crypts.
