**Release: 1**

# SIRCPA009 Assist customers with allergy relief products

## Modification History

Not applicable.

## Application

This unit describes the performance outcomes, skills and knowledge required to gather information about customer needs, and provide suggestions and information on Pharmacy Medicines (S2) and unscheduled allergy relief products. It requires the ability to identify and act on triggers for referral to a pharmacist for therapeutic advice and supply of Pharmacist Only Medicines (S3).

This unit applies to pharmacy assistants working in community pharmacies. They work with some independence, under general supervision and guidance from others, but ultimately under the supervising pharmacist.

This unit incorporates the requirement for pharmacy assistants to comply with federal, state and territory law and Pharmacy Board of Australia Guidelines for supplying scheduled Pharmacy Medicines (S2) and Pharmacist Only Medicines (S3). At the time of publication, they are not, however, required to hold an occupational licence or to be certified as competent in this unit to supply scheduled medicines.
