SIRRM004 Develop a merchandise financial plan

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to undertake merchandise financial planning for a retail organisation. It requires the ability to forecast sales, inventory and profit to create a merchandise financial plan that maximises organisational profitability and performance.

The merchandise financial plan documents a high-level budget for the financial management of merchandise and is used to influence financial planning at a category level.

This unit applies to individuals working in merchandise management-related roles in a diverse range of retail sectors and business contexts. They operate with independence and are responsible for making a range of operational business decisions related to the management of merchandise.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
