Application
This unit describes the performance outcomes, skills and knowledge required to interact with customers using online communication tools. It requires the ability to provide information to customers, handle customer difficulties, and provide customer service and support in an online environment.

It applies to individuals who interact with customers online in a diverse range of businesses with an online presence. They operate with some independence, under limited supervision and guidance from others, and within established organisational policies and procedures.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
