# **SIRPPKS008A Identify, locate and sell first aid and wound care products**

**Revision Number: 1**

## **SIRPPKS008A Identify, locate and sell first aid and wound care products**

### **Modification History**

Not applicable.

### **Unit Descriptor**

**Unit descriptor** This unit covers skills and knowledge required to provide information to customers on products, services and customer self-care practices related to first aid and wound care products.

### **Application of the Unit**

**Application of the unit** This unit supports front-of-store sales work roles and is carried out under direction of a pharmacist.

### **Licensing/Regulatory Information**

Not applicable.

### **Pre-Requisites**

**Prerequisite units** SIRPPKS001A Support the sale of pharmacy and pharmacist-only medicines.

## Employability Skills Information

**Employability skills** The required outcomes described in this unit contain applicable facets of employability skills. The Employability Skills Summary of the qualification in which this unit is packaged will assist in identifying employability skills requirements.

## Elements and Performance Criteria Pre-Content

Elements describe the essential outcomes of a unit of competency. Performance criteria describe the required performance needed to demonstrate achievement of the element. Where ***bold italicised*** text is used, further information is detailed in the required skills and knowledge and/or the range statement. Assessment of performance is to be consistent with the evidence guide.

## Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
1 Develop knowledge of first aid and wound care products and customer self-care practices.	<ul style="list-style-type: none"><li>1.1 Identify and locate <b><i>first aid and wound care products</i></b>.</li><li>1.2 Identify customer self-care practices and <b><i>sources of information</i></b> on conditions that may be treated by first aid and wound care products.</li><li>1.3 Use appropriate product terminology.</li></ul>
2 Identify customer first aid and wound care needs.	<ul style="list-style-type: none"><li>2.1 Identify customer needs, symptoms, duration and severity.</li><li>2.2 Determine customer's current use of <b><i>other medications</i></b> and other medical conditions.</li><li>2.3 Identify and act upon situations requiring referral to pharmacist.</li></ul>
3 Provide information on first aid and wound care products and services.	<ul style="list-style-type: none"><li>3.1 <b><i>Recommend</i></b> first aid and wound care products appropriate to customer symptoms and needs.</li><li>3.2 Provide the customer with information and directions for product use.</li></ul>

**ELEMENT****PERFORMANCE CRITERIA**

- 3.3 Provide information to customers on self-care practices.
- 3.4 Identify and act upon opportunities to suggest companion products relevant to desired health care outcomes.

## Required Skills and Knowledge

### REQUIRED SKILLS AND KNOWLEDGE

This section describes the essential skills and knowledge and their level, required for this unit.

The following skills must be assessed as part of this unit:

- interpersonal communication skills to:
  - communicate with the customer, including obtaining and providing information and confirming understanding, through clear and direct communication
  - ask questions to identify and confirm requirements
  - use language and concepts appropriate to cultural differences
  - use and interpret non-verbal communication
- apply literacy skills to read and interpret medication and self-care information
- respect and maintain privacy and confidentiality of customer information
- demonstrate procedures for identifying symptoms and identifying and selling first aid and wound care medicines and products
- select appropriate bandages, dressings, strapping and supports
- demonstrate procedures for applying bandages, dressings, strapping and supports
- demonstrate procedures for using relevant aids and equipment that may assist customers requiring first aid and wound care medicines
- access and use information systems as required by the role
- plan and organise work to meet customer service requirements.

The following knowledge must be assessed as part of this unit:

- pharmacy policies, protocols and procedures relating to the sale of first aid and wound care medicines
- range of first aid and wound care medicines and products and basic understanding of application for injury conditions and modes of action for medicines that can be sold without the involvement of a pharmacist
- common side effects of taking first aid and wound care medicines
- aids and equipment that may be of assistance to customers requiring first aid and wound care medicines
- common risk factors that can contribute to sustaining injuries and wounds and related lifestyle and self-care information
- basic understanding of common types of injuries:
  - sprains
  - breaks
  - bruising
  - infection.

## REQUIRED SKILLS AND KNOWLEDGE

- basic understanding of types of injuries and wounds:
  - acute wounds
  - chronic wounds
- basic understanding of skin structure and musculo-skeletal system and healing process and stages
- awareness of advantages of moist wound healing
- role boundaries and responsibilities, and circumstances under which referral to a pharmacist or other pharmacy staff is required
- communication skills to collect and provide information to customers, including use of structured and open-ended questions and interpretation of non-verbal cues
- procedures to follow for collecting and supplying information to an agent acting on behalf of a customer
- communication methods and systems to operate as part of a team and provide relevant information to a pharmacist and other pharmacy staff as required.

## Evidence Guide

### EVIDENCE GUIDE

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, the range statement and the Assessment Guidelines for this Training Package.

#### **Critical aspects for assessment and evidence required to demonstrate competency in this unit**

Evidence of the following is essential:

- applies pharmacy protocols and procedures when selling first aid and wound care medicines, aids and equipment, including:
  - collecting the required information from customers
  - identifying situations or requests requiring referral to a pharmacist and refer appropriately
  - identifying and supplying the relevant medicines, information, aids and equipment to meet customer needs
  - demonstrating the application of dressings, aids and equipment
  - using appropriate product terminology
- applies knowledge of the common causes of injuries and wounds
- applies knowledge of products appropriate to treat

## EVIDENCE GUIDE

injuries and wounds

- applies knowledge of injury and wound types and healing process and stages
- applies knowledge of lifestyle, self-care practices and support services
- respects and protects customer privacy when communicating with customers
- provides information to customers in ways appropriate to customer needs and demonstrates appropriate techniques to confirm understanding
- recognises the situations requiring referral to a pharmacist or other pharmacy staff according to pharmacy policy
- plans and carries out work to meet customer service workflow requirements.

### Context of and specific resources for assessment

Assessment must ensure:

- demonstration of the sale of first aid and wound care medicines and products, over sufficient time to demonstrate handling of a range of contingencies
- performance is observed by the assessor or a technical expert working in partnership with the assessor.
- access to a real or simulated pharmacy environment
- access to relevant pharmacy protocols and procedures
- access to relevant documentation, such as:
  - product information
  - self-care advice
- access to a range of customers with different requirements (real or simulated)
- access to a range of first aid and wound care products.

## EVIDENCE GUIDE

### Methods of assessment

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- observation of the candidate in the workplace selling first aid and wound care medicines and products to a range of customers
- written or verbal questioning to assess knowledge and understanding
- role plays to confirm communication skills to meet diverse customer requirements.

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended. For example:

- SIRPPKSO18A Provide information, products and services to support home health care

## EVIDENCE GUIDE

### Assessing employability skills

Employability skills are integral to effective performance in the workplace and are broadly consistent across industry sectors. How these skills are applied varies between occupations and qualifications due to the different work functions and contexts. Employability skills embedded in this unit should be assessed holistically in the context of the job role and with other relevant units that make up the skill set or qualification.

## Range Statement

### RANGE STATEMENT

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that may affect performance. ***Bold italicised*** wording in the performance criteria is detailed below.

Sale of ***first aid and wound care products*** must comply with:

- federal and state or territory legislation
- industry codes of practice, standards and guidelines
- community pharmacy policies, protocols and procedures relating to the sale of first aid and wound care medicines.

***First aid and wound care products*** may include:

- dressings, strappings, bandages and supports
- surgical implements
- antiseptic, skin healing and care products
- aids and equipment, e.g. protective devices and mobility aids.

***Medicines and products*** may include:

- complementary medicines
- non-scheduled products
- pharmacy medication.

## RANGE STATEMENT

***First aid and wound care products*** may come in various forms, including:

- liquid, spray, gels
- adhesive and non-adhesive pads and patches
- creams and ointments
- pastes.

***Sources of information*** may include:

- health care information
- pharmacy or supplier product leaflets, brochures and manuals
- medicines databases
- manufacturer information
- industry and professional publications.

***Other medications*** may include:

- prescription medicines
- pharmacy and pharmacist-only medicines
- herbal and vitamin supplements.

***Recommendations*** refer to:

- only those medicines not requiring referral to a pharmacist for therapeutic advice. This may include S2 medicines and general (non-scheduled) items
- aids and equipment.
