

# **SIRXICT001A Operate retail technology**

**Revision Number: 2** 

## SIRXICT001A Operate retail technology

### **Modification History**

The version details of this endorsed unit are in the table below. The latest information is at the top.

Release	Comments
Second Release	Editorial updates

## **Unit Descriptor**

This unit describes the performance outcomes, skills and knowledge required to operate a variety of retail equipment. It involves identifying the correct equipment required for a given task, maintaining retail equipment, applying keyboard skills and operating data entry equipment.

## **Application of the Unit**

This unit applies to frontline service personnel who operate and maintain a range of retail equipment, including point-of-sale systems, keyboards and data entry equipment, according to manufacturer instructions, design specifications, store policy and designated timeframes. This work is undertaken with some supervision and guidance.

## **Licensing/Regulatory Information**

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of endorsement.

## **Pre-Requisites**

Nil

## **Employability Skills Information**

This unit contains employability skills.

#### **Elements and Performance Criteria Pre-Content**

#### **Elements and Performance Criteria**

#### **Element** Performance Criteria

Elements describe the essential outcomes of a unit of competency.

Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the required skills and knowledge section and the range statement. Assessment of performance is to be consistent with the evidence guide.

- 1. Maintain retail equipment.
- 1.1.Identify purpose of *equipment* used in store or department.
- 1.2.Operate equipment, according to design specifications and *safety requirements*.
- 1.3. Identify equipment faults and report to *relevant personnel*.
- 1.4.Identify and apply maintenance program for retail equipment according to *store policy and procedures*.
- 2. Apply keyboard skills.
- 2.1.Operate keyboard using typing techniques within designated speed and accuracy requirements.
- 2.2.Enter and edit information accurately.
- 3. Operate data entry equipment.
- 3.1.Enter data using relevant equipment, according to store policy and procedures.
- 3.2. Operate price marking equipment, according to manufacturer instructions and store policy.
- 3.3.Enter data accurately and within designated time limits.

## Required Skills and Knowledge

This section describes the essential skills and knowledge and their level, required for this unit.

#### Required skills

- planning and organising skills to complete tasks in set timeframe
- problem solving skills to deal with different types of transactions
- literacy and numeracy skills to:
  - read store procedures for operating equipment
  - enter data
  - perform point-of-sale transactions
  - follow common fault-finding procedures

#### Required knowledge

- store policy and procedures in regard to:
  - the operation and maintenance of store retail equipment
  - reporting problems and faults
- relevant legislation and statutory requirements in regard to operating retail technology, including Work Health and Safety (WHS) requirements
- relevant industry codes of practice
- purpose and impact of using electronic technology
- licensing requirements for carrying and moving merchandise (if applicable)

Approved Page 4 of 7

#### **Evidence Guide**

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, the range statement and the Assessment Guidelines for this Training Package.

Critical aspects for assessmen and evidence required to demonstrate competency in this unit

**Critical aspects for assessment** Evidence of the following is essential:

- operates a range of store retail equipment according to store policy and procedures and industry codes of practice
- operates and maintains a range of store retail equipment according to manufacturer instructions and design specifications
- applies store maintenance program and reports faults and problems
- consistently applies safe working practices in the operation and maintenance of store retail equipment according to OHS legislation and codes of practice
- reads and interprets operation manuals to solve routine faults and errors and maintains and uses equipment effectively
- uses keyboard skills to enter and edit data accurately
- completes tasks in set timeframe.

# Context of and specific resources for assessment

Assessment must ensure access to:

- a real or simulated work environment
- relevant documentation, such as:
  - store policy and procedure manuals
  - manufacturer instructions and operation manuals
- a range of store retail equipment.

#### **Methods of assessment**

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- observation of performance in the workplace
- a role play
- third-party reports from a supervisor
- customer feedback
- answers to questions about specific skills and knowledge
- review of portfolios of evidence and third-party workplace reports of on-the-job performance.

## **Guidance information for assessment**

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended.
