SISCCR001 Facilitate community recreation initiatives

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to develop, deliver and evaluate community recreation initiatives. Community recreation initiatives are diverse in nature and this unit is relevant to any type of community recreation initiative using community development principles around consultation, access and equity. Initiatives can be as targeted as increasing participation in local populations, or as broad as implementing a nationally recognised need within the community.

This unit applies to middle managers and volunteer coordinators who work autonomously in community recreation environments. Work is performed according to relevant legislation and organisational policies and procedures.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
