

SIS50110 Diploma of Facility Management

Release: 1

SIS50110 Diploma of Facility Management

Modification History

Not Applicable

Description

This qualification provides the skills and knowledge for an individual wishing to work in the sport and recreation industry as a facility manager for a location such as a fitness centre, outdoor sporting ground or complex, aquatic centre or community recreation centre. Persons with this level of competency would manage the implementation of a broad range of facility requirements including staff and systems and have a high degree of autonomy.

Job roles

The following is an indicative job role for this qualification:

facility manager

Employability Skills Summary

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY

The following table contains a summary of the employability skills required by the sport and recreation industry for this qualification. The employability skills facets described here are broad industry requirements that may vary depending on packaging options.

Employability Skill	Industry/enterprise requirements for this qualification include:
Communication	Communicating with facility owners and staff to determine their specific requirements; analysing documentation on sport and recreation facility maintenance; preparing accurate financial and maintenance records; completing staff rosters; clarifying instructions to staff; educating staff on efficient use of resources; negotiating acceptable solutions to facility owner or staff requests and complaints.
Teamwork	Providing leadership to a team of workers; monitoring staff performance and providing advice to improve performance; preparing staff rosters that accommodate individual and facility needs; promoting compliance with legal obligations; recognising factors that may cause interpersonal relationship problems and assisting appropriately to avoid or overcome the identified problems.
Problem-solving	Managing organisational, administrative or facility risks; clarifying the extent of, and resolving problems through negotiating with staff or facility users in a sensitive and culturally appropriate manner; planning, strategy and resource allocation to manage the facility effectively; determining strategies for education initiatives; research into resource minimisation and sustainability.
Initiative and enterprise	Responding to change and demonstrating leadership in change management; identifying clear priorities for action; identifying and implementing a range of facility or administration enhancements to improve facility profitability or sustainability; facilitating the sharing of work-place knowledge; leading processes which contribute to the establishment of key directions for the facility; reflecting on own work practices for improvement; monitoring activities for emerging risks and trends.
Planning and organising	Manage and monitor business records to enable efficient planning for sport and recreation facilities; managing multiple tasks and resources simultaneously to coordinate and roster staff work activities to meet deadlines; preparing facility plans; managing stock supply and purchase; establishing and monitoring occupational health and safety systems.

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY	
Self-management	Understanding the facility, own role and operating autonomously within limits of authority; critically reviewing own strengths and weaknesses; assessing feedback on own performance and determining strategies for improvement; building industry networks to regularly update knowledge and skills.
Learning	Identifying and accessing sources of research on sport and recreation facility management; contributing to a learning environment through openly sharing knowledge and experiences; identifying and accessing internal and external professional development opportunities; updating knowledge and skills to accommodate changes in sport and recreation facility management.
Technology	Understanding and utilising the operating capability of computer systems and software for sport and recreation facility management; assessing new technologies for suitability for own facility; using information technology to assist in communication and support facility management and planning functions.

Packaging Rules

22 units must be completed:

- 14 core units
- 8 elective units, which may be selected from the electives in this qualification or from units first packaged at AQF level 3, 4 or 5 within SIS10; up to 3 elective units may be selected from any current accredited course or other Training Package, and must be units which are first packaged at AQF level 5 or 6.
- In all cases selection of electives must relate to the core function or role of the candidate's current or intended work environment, local industry requirements and the characteristics of this qualification (as per the AQF descriptors).

Core (14)

BSBADM502B	Manage meetings
