Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment

Critical aspects for assessment and evidence required to demonstrate competency in this unit

Evidence of the following is essential:

- accesses information on the sport and recreation industry and applies knowledge of industry and own sector to the performance of own work role
- interacts with a range of clients and staff according to industry standards of ethical practice
- completes work tasks efficiently, within defined timeframes and responsibilities, and according to organisational policies and procedures
- deals with contingencies according to own levels of responsibility.

Context of and specific resources for assessment

Assessment must ensure completion of multiple day-to-day work activities in a sport and recreation environment to demonstrate competency and consistency of performance.

Assessment must also ensure access to:

- different groups of clients and staff relevant to job and sector-specific contexts
- a variety of work-related products and services
- sources of information about the sport and recreation industry
- documentation, such as incident report forms and feedback sheets
- relevant support staff.

Method of assessment

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- observation of completing job tasks and interacting with staff and clients in the provision of customer service
- oral and or written questioning to assess knowledge of organisational and legislative requirements and their application to the work role
- a research project documenting information collected and analysed about the sport and recreation industry and its relevance to work activities
- third-party reports from a supervisor detailing performance.

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:

- SISXOHS101A Follow occupational health and safety policies.
