SITEEVT010 Manage on-site event operations

Release: 1
SITEEV010 Manage on-site event operations

Modification History
Not applicable.

Application
This unit describes the performance outcomes, skills and knowledge required to manage on-site operational activities for the staging of events. It requires the ability to finalise operational plans, oversee event set-up, execution and break-down, and evaluate the operational success of events.

This unit is relevant to events that are diverse in nature and are coordinated in many industry contexts, including the tourism, hospitality, sport, cultural and community sectors.

It applies to event coordinators and managers as well as venue duty, front of house and operations managers who operate independently, and are responsible for operational decisions. They may work in event management companies, in event venues, or in organisations that organise their own events.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
