Application
This unit describes the performance outcomes, skills and knowledge required to use a range of cookery skills during service and production periods. The unit applies to hospitality and catering operations, including restaurants, educational institutions, health establishments, defence forces, caterers, kiosks, cafes, residential caterers, in flight and other transport caterers, and event and function caterers. It applies to individuals who prepare a range of food items using standard recipes, but who may not be fully qualified cooks. This unit underpins the more advanced integrated unit: SITHCCC020 Work effectively as a cook, which applies to qualified cooks.
