Assessment Conditions

Skills must be demonstrated in an operational gaming environment. This can be:

- an industry workplace
- a simulated industry environment set up for the purposes of assessment.

Assessment must ensure access to:

- TAB facilities, terminals and equipment:
 - TAB stationery and form guides
 - replacement parts and cleaning materials for equipment
 - Austext and teletext facilities and television monitors
 - ticket bins
- industry-realistic range of TAB customers with whom the individual can interact; these can be:
 - customers in an industry workplace who are assisted by the individual during the assessment process; or
 - individuals who participate in role plays or simulated activities, set up for the purpose of assessment, in a simulated industry environment operated within a training organisation.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors; and:

- have worked in industry for at least three years where they have applied the skills and knowledge of this unit of competency.
