

Assessment Requirements for SITTGDE023 Coordinate and operate tours

Release: 1

Assessment Requirements for SITTGDE023 Coordinate and operate tours

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- plan, coordinate and operate at least two tours for different groups that comprise at least four different products, services or sites
- liaise with industry colleagues regarding tour operation, bookings and reconfirmation for each of the product or service components in the above tours to ensure:
 - tours are conducted to schedule and include all advertised itinerary features
 - tours are conducted in a manner that minimises impact on culturally or environmentally sensitive areas
 - the safety of customers and colleagues
- manage issues, situations and problems on above tours to minimise negative impact on customers, including:
 - unexpected events
 - delays
 - environmental conditions
 - customer situations.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- types of tour itineraries and their common formats and inclusions:
 - short tours of three hours or less
 - half or full day tours
 - overnight tours
 - extended tours of two or more nights
- product knowledge appropriate to the specific touring itinerary and its component products and services
- main features of culturally or environmentally sensitive areas to be visited and minimal impact practices to protect and sustain these
- tourism industry supplier networks and interrelationships that impact on the conduct of a multi-product and multi-site touring itinerary
- booking and reconfirmation procedures for tour components

Approved Page 2 of 4

- planning procedures relating to the delivery logistics of a multifaceted touring itinerary
- · management processes to be undertaken before, during and on completion of a tour
- tour practicalities and procedures that must be communicated to customers when relevant to the tour content:
 - availability of free time
 - cultural considerations
 - group rules and codes of behaviour
 - health and safety procedures
 - itinerary or program details
 - regulations
 - procedures at tour stops
 - specific site procedures
- organisational procedures and processes to address tour management issues and problems:
 - accident, injury or illness
 - breakdown
 - customer special needs
 - equipment and resource constraints
 - itinerary variations
 - language considerations
 - natural disaster
 - theft
 - operational reports
- legal and liability issues affecting guides:
 - domestic and relevant overseas consumer law regarding provision of services as advertised
 - duty of care.

Assessment Conditions

Skills must be demonstrated in an operational touring environment. This can be:

- an industry workplace; or
- a simulated industry environment or activity, set up for the purposes of assessment.

Assessment must ensure access to:

- equipment and resources required for the delivery of tours:
 - transport
 - venue access
- customer and operational documentation to support the delivery of a multifaceted touring itinerary
- real or simulated touring activities
- customer groups of a size and nature that reflect the commercial environment in which the guide operates

Approved Page 3 of 4

- participants undertaking a tour or activity for whom the individual can act as guide; these can be:
 - those participating in a tour or activity who interact with the individual during the assessment process; or
 - individuals who participate in role plays or simulated activities set up for the purpose of assessment in an operational touring context.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors and have worked in industry for at least three years where they have applied the skills and knowledge of this unit of competency.
