SITTVAF002 Operate a ride location

Release: 1

SITT VAF002 Operate a ride location

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to conduct the day-to-day operation of a ride location. It requires a sound knowledge of operational, safety and emergency procedures, combined with some problem-solving skills to address typical operational problems associated with rides.

The unit applies to the attractions and theme parks sectors, and to individuals, usually called 'ride attendants', who are responsible for the safe and efficient operation of rides. They apply some discretion and judgment to work activities and work under general supervision. Rides are sometimes operated as part of a travelling show or temporary attraction.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Competency Field

Venue and Facility Operations

Unit Sector

Tourism

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1. Prepare and inspect ride location.

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.
