Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to prepare and cook a range of meat dishes following standard recipes. It requires the ability to select, prepare and portion meat, and to use relevant equipment and cookery methods.

Application of the Unit

This unit applies to hospitality and catering organisations, and to cooks who usually work under the guidance of more senior chefs.

Licensing/Regulatory Information

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of endorsement.

Elements and Performance Criteria Pre-Content

Not applicable.
Elements and Performance Criteria

Elements describe the essential outcomes of a unit of competency. Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the required skills and knowledge section and the range statement. Assessment of performance is to be consistent with the evidence guide.

1. Select ingredients.
   1.1 Confirm **food production requirements** from food preparation list and standard recipes.
   1.2 Calculate ingredient amounts according to requirements.
   1.3 Identify and select **meat products** and other ingredients from stores according to recipe, quality, freshness and stock rotation requirements.

2. Select, prepare and use equipment.
   2.1 Select knives and other **equipment** of correct type and size.
   2.2 Safely assemble and ensure cleanliness of equipment before use.
   2.3 Use knives and other equipment safely and hygienically according to manufacturer instructions.

3. Portion and prepare ingredients.
   3.1 Thaw frozen meats safely.
   3.2 Sort and assemble ingredients according to food production sequencing.
   3.3 Weigh and measure ingredients and create portions according to recipe.
   3.4 Use meat preparation techniques according to recipe requirements.
   3.5 Minimise waste and store reusable by-products.

4. Cook meat dishes.
   4.1 Select and use meat cookery methods.
   4.2 Prepare marinades and meat accompaniments as required.
   4.3 Follow standard recipes and make **food quality adjustments** within scope of responsibility.

5. Present meat dishes.
   5.1 Portion and serve meats according to recipe requirements.
   5.2 Carve meats using appropriate tools and techniques, taking account of meat and bone structure and waste minimisation.
   5.3 Add sauces and garnishes according to standard recipes.
   5.4 Visually evaluate dishes and **adjust presentation** as required.
   5.5 Store dishes in appropriate **environmental conditions**.

Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment

Critical aspects for assessment and evidence required to demonstrate competency in this unit

Evidence of the ability to:

- produce meat dishes using:
  - beef
  - game
  - fancy meats
  - lamb
  - offal
  - pork
  - veal
- use meat preparation techniques, including:
  - ageing
  - barding
  - boning
  - cutting
  - larding
  - marinating
  - mincing
  - portioning
  - rolling
  - tenderising
  - trimming
  - trussing and tying
  - skewering
  - stuffing
- follow standard recipes to prepare multiple meat dishes using a range of cookery methods including:
  - roasting
  - grilling
  - frying
  - braising
  - stewing
- produce food for multiple customers within commercial time constraints
• demonstrate knowledge of meat classifications
• integrate knowledge of:
  • quality indicators for meat
  • cookery methods for different cuts and types of meat
  • features, functions and safe use of food preparation equipment
  • food safety practices for handling and storing meat.

**Context of and specific resources for assessment**

Assessment must ensure use of:

• an operational commercial kitchen with the fixtures, large and small equipment and workplace documentation defined in the Assessment Guidelines; this can be a:
  • real industry workplace
  • simulated industry environment such as a training kitchen servicing customers
  • industry-realistic ratios of kitchen staff to customers
  • food preparation lists and standard recipes
  • a variety of commercial ingredients.

**Method of assessment**

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

• direct observation of the individual preparing for and producing meat dishes
• evaluation of the taste and visual appeal of meat dishes prepared by the individual
• projects that allow assessment of the individual’s ability to produce a variety of meat dishes
• use of visual and taste recognition exercises so the individual can identify ingredient and product characteristics
• written or oral questioning to assess knowledge of culinary terms, quality indicator for meat, equipment, cookery methods and appropriate environmental storage conditions
• review of portfolios of evidence and third-party workplace reports of on-the-job performance by the individual.

**Guidance information for assessment**

The assessor should design integrated assessment activities to holistically assess this unit with other units relevant to the industry sector, workplace and job role, for example:
• SITXFSA201 Participate in safe food handling practices.
