Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment

Critical aspects for assessment and evidence required to demonstrate competency in this unit

- Evidence of the ability to:
  - operate gaming machines correctly
  - coordinate multiple transactions and activities, including typical customer and equipment problems
  - provide effective customer service and advice
  - comply with responsible gaming legislation or requirements
  - integrate knowledge of:
    - security issues and requirements
    - gaming terminology
    - gaming technologies.

Context of and specific resources for assessment

- Assessment must ensure use of:
  - a fully equipped gaming venue, including:
    - gaming machines, which may include poker machines, approved amusement devices, slot machines, multi-terminal gaming machines, progressive or stand-alone machines, stand-alone games, linked machines and linked progressive jackpot systems
    - applicable header systems
    - replacement parts, maintenance tools and cleaning materials
    - cash distribution facility
    - the venue may be a real industry workplace or simulated industry environment
    - other people with whom the individual can interact.

Method of assessment

- A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:
  - direct observation of the individual completing customer payouts, dealing with minor technical problems in gaming and coin dispensing machines and undertaking general gaming machine maintenance
  - oral or written questioning to assess knowledge of gaming legislation, codes of practices and organisational procedures
  - use of case studies or role-plays to demonstrate handling of payouts, illegal credits and security issues
Guidance information for assessment

The assessor should design integrated assessment activities to holistically assess this unit with other units relevant to the industry sector, workplace and job role, for example:

- SITXCCS303 Provide service to customers.

- review of portfolios of evidence and third-party workplace reports of on-the-job performance by the individual.
