Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to source and use current and emerging information on the holiday park and resort industry. This includes industry structure, technology, laws and ethical issues specifically relevant to the holiday park and resort industry. Holiday park and resort personnel integrate this essential knowledge on a daily basis to work effectively in the industry.

Application of the Unit

This unit applies to the holiday park and resort sector and to many people working at different levels. Managers will use more formal research to attain specialised and comprehensive knowledge which supports product planning, marketing and strategic management activities. This is covered within other individual units.

This unit is not about having in-depth knowledge but focuses on the ability to source and interpret information.

Licensing/Regulatory Information

No licensing, legislative, regulatory or certification requirements apply to this unit at the time of endorsement.
Pre-Requisites

Not applicable.

Employability Skills Information

This unit contains employability skills.
Elements and Performance Criteria Pre-Content

Elements and Performance Criteria

Elements describe the essential outcomes of a unit of competency. Performance criteria describe the performance needed to demonstrate achievement of the element. Where bold italicised text is used, further information is detailed in the required skills and knowledge section and the range statement. Assessment of performance is to be consistent with the evidence guide.

1. Source and use relevant industry information.

   1.1 Identify sources of information on the structure and operation of the holiday park and resort industry.
   1.2 Access specific information of relevance to the holiday park and resort industry to assist operational duties.
   1.3 Obtain information on features of current and in trend holiday park and resort products and services relevant to job role.
   1.4 Use knowledge of the holiday park and resort industry to enhance the quality of work performance.

2. Source and use compliance information in daily activities.

   2.1 Obtain information on laws specifically relevant to the holiday park and resort industry and work compliantly.
   2.2 Seek information on industry quality assurance schemes.
   2.3 Access information on career planning and equal employment opportunity law.
   2.4 Conduct day to day holiday park and resort activities according to legal obligations and ethical industry practices.

3. Source and use information on holiday park and resort technology.

   3.1 Source and access information on current and emerging technologies that impact on operational duties.
   3.2 Use information on technology to suggest new and improved workplace practices.
   3.3 Use current and emerging technology in day to day work activities.

4. Update personal and organisational knowledge of the holiday park and resort industry.

   4.1 Identify and use a range of opportunities to update knowledge of the holiday park and resort industry.
   4.2 Monitor current issues of concern to the industry.
   4.3 Share updated information with colleagues.
**Required Skills and Knowledge**

This section describes the skills and knowledge required for this unit.

**Required skills**

- communication skills including active listening and open and closed probe questioning to obtain information from:
  - experienced industry personnel
  - colleagues
  - suppliers
  - industry bodies
- initiative and enterprise skills to suggest:
  - new and improved practices using emerging technology
  - business benefits of participating in industry quality assurance schemes
- learning skills to continuously update knowledge of the holiday park and resort industry
- literacy skills to:
  - read and comprehend the content of plain English information about laws, industry accreditation schemes and codes of conduct
  - research, sort and use holiday park and resort industry information
  - write notes, summarise and record information in basic documents such as information sheets, portfolios and files
- planning and organising skills to complete daily operational activities while sourcing information required to support those
- problem-solving skills to recognise knowledge deficiencies and take action to seek information
- self-management skills to take responsibility for sourcing and updating current and emerging information
- teamwork skills to share updated information with colleagues
- technology skills to:
  - use a computer and keyboard
  - use online information systems to search for information.

**Required knowledge**

- sources of information on the holiday park and resort industry
- structure of the holiday park and resort industry and its different sectors including the business relationships between the following sectors:
  - holiday and resorts parks – types of accommodation, factors which contribute to the development of successful parks, holiday park and resort industry trends
  - manufacturing – main manufacturers of recreational vehicles (RV); key types of recreational vehicles made in Australia, their key characteristics; current and emerging trends in RV products
  - service – key providers of specialised RV servicing; types of services offered; links with manufacturers, retailers and holiday parks and resorts
• retailing – retailers in Australia; main RV retailers in the local area; types of after sales services offered
• roles and general responsibilities for different jobs in the industry
• general nature of and links to the wider tourism industry and types of organisations providing bookings including:
  • attractions
  • inbound tour operators
  • other local accommodation providers
  • retail travel agents
  • tour operators
  • visitor information centres
• primary functions of:
  • major cross-industry and sector-specific industry associations especially those with which the business has a relationship
  • trade unions in the industry
  • local, regional, state and national tourism information service and marketing organisations
• basic aspects of holiday park and resort industry quality assurance processes:
  • accreditation schemes
  • codes of conduct or ethics
  • industry rating schemes
  • occupational licensing
  • reasons for participation and impacts of non-compliance
  • roles and responsibilities of individual staff members when participating in schemes
• basic aspects of state, territory and local council laws and actions that must be adhered to by holiday park and resort operators:
  • local community protection including land ownership, management and access requirements that must be met by holiday park operators when delivering services and requirements to maintain the lifestyle of neighbouring residents
  • consumer protection including refund requirements that must be met by holiday parks, terms and conditions of quotations and cancellation fees
  • Equal Employment Opportunity (EEO) law including rights of employees and responsibilities of employers to make merit based employment decisions
• current and emerging technology used in holiday parks and resorts, including e-business and social media.
Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment

Critical aspects for assessment and evidence required to demonstrate competency in this unit

Evidence of the ability to:

- source current holiday park and resort industry information and use this in to day-to-day activities to maximise effective performance
- demonstrate knowledge of the holiday park and resort industry, including main roles, functions and interrelationships of different sectors
- integrate knowledge of the basic aspects of laws:
  - local community protection
  - consumer protection
  - EEO.

Context of and specific resources for assessment

Assessment must ensure use of:

- computers, printers, communication technology, information programs to source industry information
- information on codes of conduct, membership and benefits distributed by:
  - industry associations
  - accreditation operators
  - unions
- plain English documents issued by government regulators that describe laws:
  - local community protection
  - consumer protection
  - EEO.

Method of assessment

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- exercises and project activities that allow assessment of the individual’s ability to:
  - obtain current and accurate holiday park and resort industry information
  - research information to meet differing operational needs
- group projects that allow individuals to collectively source information on differing aspects of the holiday
park and resort industry and present it in a portfolio

- direct observation of the individual delivering an oral presentation on the sourced information
- problem-solving exercises so the individual can identify new knowledge required to complete operational activities and source information to resolve the deficiency
- written and oral questioning to assess knowledge of:
  - different sectors of the holiday park and resort industry and their interrelationships
  - laws relevant to the holiday park and resort industry
  - industry codes of conduct
- review of portfolios of evidence and third-party workplace reports of on-the-job performance by the individual.

Guidance information for assessment

The assessor should design integrated assessment activities to holistically assess this unit with other units relevant to the industry sector, workplace and job role, for example:

- SITTSL201 Operate an online information system
- SITXCOM101 Source and present information.
Range Statement

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that may affect performance. Bold italicised wording, if used in the performance criteria, is detailed below. Essential operating conditions that may be present with training and assessment (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) may also be included.

Sources of information may include:

- computer data, including the Internet
- discussions with experienced industry personnel
- industry:
  - accreditation operators
  - associations and organisations
  - developers of codes of conduct or ethics
  - journals
  - rating scheme operators
  - seminars
- networking with:
  - colleagues
  - suppliers
- plain English documents, issued by government regulators, that describe laws relevant to the holiday park and resort industry
- libraries
- media
- personal observations and experience
- regional, state and national tourism offices
- reference books
- training courses
- unions.
- holiday parks and resorts
- RV:
  - accessories retailing
  - manufacturing
  - parts and components manufacturing and supply
  - retailing
  - servicing.

The holiday park and resort industry involves a range of sectors and businesses including:

- career opportunities within the industry
- different holiday park and resort markets and trends
- different sectors and businesses within the industry, their relationships and the services available in each sector
- industrial relations

Information of relevance to the holiday park and resort industry may include:
• local economic and social significance of holiday park operations, which may relate to:
  • community role in tourism
  • employment
• major holiday park and resort industry associations
• quality assurance schemes and their application in metropolitan, regional and Australia-wide locations
• relationships between holiday park and resort operations and other industries, including:
  • conservation
  • entertainment
  • hospitality
  • horticulture
  • recreational vehicle manufacturers, retailers and service centres
  • sports
  • tourism
  • tourism information centres and tourism marketing bodies
• role of and impacts on local communities
• roles and general responsibilities for different jobs in the industry
• social profiles of caravaners and campers
• specific features of the local and regional industry
• types of accommodation available in holiday parks and resorts.

To enhance the quality of work performance may involve:

• improving skills and productivity
• providing holiday park and resort products and services to meet current market trends and customer expectations
• providing quality holiday park and resort service
• suggesting new and improved ways of doing things
• working effectively with:
  • other sectors of the holiday park and resort industry
  • suppliers
• working according to:
  • ethical industry practices to ensure smooth holiday park and resort operations
  • the law to avoid problems for self and the organisation.

Laws may cover:

• business and occupational licensing
- EEO
- land ownership, management and access
- public liability and duty of care
- workplace relations – Fair Work Australia.

**Quality assurance schemes** may include:

- accreditation schemes
- codes of conduct or ethics
- industry rating schemes
- membership of industry associations
- occupational licences.

**Ethical industry practices** may relate to:

- agreed compliance with:
  - accreditation schemes
  - codes of conduct
  - industry rating schemes
  - preferred product arrangements
  - payment of commission
  - terms of payment
- confidentiality of customer information
- consumer protection:
  - provision of services as promoted
  - reasonable consumer pricing
  - truth and honesty in all information given to customers
- declaration of:
  - commissions
  - fees and other charges
  - gifts and services provided free of charge
  - tips
- maintaining the rights and lifestyle conditions of local community residents
- overbooking
- professional behaviour when participating in familiarisations and industry events.

**Technologies** may involve:

- catering systems
- customer technologies:
  - applications for electronic devices and computers
  - online booking systems
- computer-aided despatch systems
- e-business
- food production systems
- industry:
- online booking systems
- reservations, operations and financial and tracking systems
- project management systems
- social media sites.

**Opportunities** may include:
- discussions with experienced industry personnel
- networking with:
  - colleagues
  - suppliers
- participating in:
  - industry accreditation schemes
  - industry seminars
  - membership of professional industry associations
  - union membership
- training courses.

**Current issues of concern** to the industry may relate to:
- emerging markets
- environmental, social and cultural impacts
- government initiatives
- holiday park and resort industry trends
- industry expansion or retraction
- industry initiatives
- labour issues
- maintaining organisational and industry profitability by productivity and pricing flexibility
- shrinking markets.
