TAESS00023 Online Learning and Assessment Skill Set

Release 1

TAESS00023 Online Learning and Assessment Skill Set

Modification History

Release	Comments
Release 1	This version first released with the TAE Training and Education Training Package Version 4.0. Newly created Skill Set.

Description

This skill set addresses the skills and knowledge required to plan, organise and facilitate online learning and assess competence across various electronic applications and communication channels. It involves gathering evidence using both synchronous and asynchronous assessment methods, and making judgements on the outcomes of the online assessment using a range of devices and digital tools.

Pathways Information

The units provide credit towards TAE40116 Certificate IV in Training and Assessment and other qualifications that allow for selection of these units.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

TAEASS404 Assess competence in an online environment

TAEDEL405 Plan, organise and facilitate online learning

Target Group

This skill set is for teachers, trainers and assessors and other practitioners who facilitate learning for, and conduct assessment of, vocational and other learners in an online environment.

Suggested words for Statement of Attainment

These units of competency from the TAE Training and Education Training Package support teachers, trainers and assessors who facilitate learning and conduct assessment in an online environment.
