Release 1

TAESS00027 Training Design Skill Set

Modification History

Release	Comments
Release 1	This skill set was first released with TAE Training and Education Training Package Version 5.0. Newly created skill set.

Description

This skill set addresses the skills and knowledge to conceptualise, design, develop and review learning programs and/or tools that satisfy the requirements of training packages and accredited courses and meet identified participant needs.

Pathways Information

These units provide credit towards TAE40122 Certificate IV in Training and Assessment and other qualifications that allow for selection of these units.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- TAEDES411 Use nationally recognised training products to meet vocational training needs
- TAEDES412 Design and develop plans for vocational training

Target Group

This skill set is for individuals working in or with training and/or assessment organisations who develop quality training and assessment resources that comply with specific teaching, training and/or assessment requirements.

Suggested words for Statement of Attainment

These units of competency from the TAE Training and Education Training Package meet industry requirements for designing and developing learning and assessment programs and/or tools applicable in a range of delivery contexts and to a range of industries.
