

**Australian Government**

# **TLI21921 Certificate II in Track Protection**

**Release 1**

# TLI21921 Certificate II in Track Protection

## Modification History

**Release 1.** This is the first release of this qualification in the TLI Transport and Logistics Training Package.

## Qualification Description

This is a general qualification for a person engaged in basic operations in the rail infrastructure environment undertaking track protection activities.

This includes a range of tasks involving known routines and procedures, and taking some responsibility for the quality of work outcomes.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

A total of **15 units of competency** comprising:

- **9 core units** listed below, **plus**
- **4 specialist elective units** from the specialist elective units listed below, **plus**
- **2 general elective unit** from the **general elective units** listed below or from the remaining **specialist** elective units listed below.

Up to **1 general elective unit** may be selected from any relevant nationally endorsed Training Package. The general elective units must contribute to the vocational outcomes of the qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.
