# TLI41816 Certificate IV in Warehousing Operations

## Modification History

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

## Qualification Description

This is a general qualification for the Warehousing and Storage Industry.

It involves a broad range of skilled applications including requirements to evaluate and analyse current practices, to develop new criteria and procedures for performing current practices, and to provide leadership and guidance to others in applying skills and planning skill development.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

A total of 21 units of competency comprising:

**3 core units** listed below **plus**

**18 general elective units** from the general elective units listed below. Up to **3 of the general elective units** may be selected from any relevant nationally endorsed Training Package or accredited course. The general elective units must contribute to the vocational outcomes of the qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.
