TLI60115 Advanced Diploma of Materiel Logistics

Release 2

TLI60115 Advanced Diploma of Materiel Logistics

Modification History

Release 2. This is the second release of this qualification in the TLI Transport and Logistics Training Package. The following modification has been made:

- Imported units updated.

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

Qualification Description

This is a qualification for a person who provides leadership and strategic direction in materiel sustainment and integrated management of logistics.

Successful achievement of this qualification requires the application of a significant range of fundamental principles and complex techniques across a wide and often unpredictable variety of contexts in relation to either varied or highly specific functions. Contribution to developing a broad plan, budget or strategy is involved and accountability and responsibility for self and others in achieving the outcomes is also involved. Significant judgement is required in planning, design, technical or leadership/guidance functions related to products, services, operations or procedures.

This qualification has been designed for systems managers or those in executive logistics management roles who manage multiple systems or fleets. These people generally have relatively broad materiel logistics coverage and manage logistics programs, program offices or directorates.

This qualification will suit people with a minimum of six years Defence Materiel Organisation (DMO)/Defence logistics experience.

Job roles

Job roles and titles vary across different sectors. Possible job titles relevant to this qualification include:

- Materiel Logistics Program Manager
- Materiel Logistics Senior Manager
- Materiel Logistics Executive Manager.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of **14 units of competency** comprising:

6 core units listed below **plus**

2 logistics elective units from the logistics elective units listed below **plus**
