TLI60119 Advanced Diploma of Deployment Logistics

Release 1

TLI60119 Advanced Diploma of Deployment Logistics

Modification History

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

Qualification Description

This is a qualification for a person who provides leadership and strategic direction in planning and managing deployment logistics.

Successful achievement of this qualification requires the application of a significant range of fundamental principles and complex techniques across a wide and often unpredictable variety of contexts in relation to either varied or highly specific functions. Contribution to developing a broad plan, budget or strategy is involved and accountability and responsibility for self and others in achieving the outcomes is also involved. Significant judgement is required in planning, design, technical or leadership/guidance functions related to products, services, operations or procedures.

Job roles

Job roles and titles vary across different sectors. Possible job titles relevant to this qualification include:

- deployment logistics program manager
- deployment logistics senior manager
- deployment logistics executive manager.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
