Assessment Requirements for TLIC3011 Transport passengers with disabilities

Release: 1

Assessment Requirements for TLIC3011 Transport passengers with disabilities

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant legislation and workplace procedures
- communicating effectively with others
- completing relevant documentation
- controlling all functions of the vehicle
- interacting appropriately with passengers who have a disability
- reading, interpreting and following relevant instructions, procedures, information and signs
- responding appropriately to cultural requirements when interacting with others
- working collaboratively with others.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- duty of care responsibilities when driving vehicles used by passengers who have a disability
- pre-operational checks carried out on vehicle, and ancillary equipment and related action
- procedures for operating ancillary equipment
- relevant anti-discrimination legislation
- relevant state/territory road traffic authority road rules, regulations and licence requirements of the relevant
- relevant work health and safety (WHS)/occupational health and safety (OHS) and environmental procedures and regulations
- techniques for driving vehicles used by passengers who have a disability

- vehicle and ancillary equipment controls, instruments and indicators, and their use
- vehicle handling procedures
- workplace driving and operational instructions.

Assessment Conditions

As a minimum, assessors must satisfy applicable regulatory requirements, which include requirements in the *Standards for Registered Training Organisations* current at the time of assessment.

As a minimum, assessment must satisfy applicable regulatory requirements, which include requirements in the *Standards for Registered Training Organisations* current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Practical driving aspects must be assessed in a vehicle designed to transport passengers who have a disability.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment include:

- a range of relevant exercises, case studies and/or simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment currently used in industry
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals.
