TLIC3011 Transport passengers with disabilities

Release: 1

TLIC3011 Transport passengers with disabilities

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to operate vehicles used for the transport of people who have a disability, in accordance with relevant state/territory road and traffic authority licence requirements and regulations.

It includes undertaking pre-operational vehicle checks and vehicle ancillary equipment; assisting passengers to use restraints and ancillary equipment; providing appropriate support to passengers during their journey; and manoeuvring the vehicle with due consideration of passengers' disabilities and the requirements of relevant government regulations.

Work is performed with limited or minimum supervision, and within duty of care responsibility for self and others in achieving the prescribed outcomes.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

C – Vehicle Operation

Unit Sector

Not applicable.

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

1 Carry out pre-operational checks

1.1 Pre-operational checks for vehicle and its associated ancillary equipment are carried out in accordance with manufacturer requirements, government regulations and
