

**Australian Government**

# **TLIC3084 Operate a lift on/lift off collection vehicle**

**Release: 1**

# TLIC3084 Operate a lift on/lift off collection vehicle

## Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Application

This unit involves the skills and knowledge required to operate a lift on/lift off (skip/marrell) collection vehicle (the 'vehicle').

It includes following safety requirements, loading project bins onto vehicles, unloading product from vehicles and completing documentation, and unloading product bins from vehicles.

Vehicle operation must be carried out in compliance with relevant state/territory and traffic authority vehicle licence requirements and regulations.

Work is performed with limited or no supervision, with accountability and responsibility for self and others in achieving the prescribed outcomes.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit
