TLIC3089 Operate a side loading mobile compaction/collection vehicle

Release: 1

TLIC3089 Operate a side loading mobile compaction/collection vehicle

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to operate a side loading mobile compaction/collection vehicle (the 'vehicle').

It includes following safety requirements, loading product onto vehicle, compacting product in vehicle, unloading product from vehicle and completing documentation.

Vehicle must be operated in compliance with relevant state/territory and traffic authority vehicle licence requirements and regulations.

Vehicle is operated with limited or no supervision, with accountability and responsibility for self and others in achieving the prescribed outcomes.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

C – Vehicle Operation

Unit Sector

Not applicable.

Elements and Performance Criteria
