Assessment Requirements for TLID2018 Handle furniture and effects

Release: 1

Assessment Requirements for TLID2018 Handle furniture and effects

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant legislation and workplace procedures
- communicating and working effectively with others
- identifying and correctly using relevant equipment
- identifying dangerous goods and other items that are prohibited carriage during a removal and taking appropriate action in accordance with regulatory requirements and operating procedures
- implementing contingency plans and modifying activities
- monitoring and prioritising work activities in terms of planned schedule
- operating and adapting to differences in furniture, equipment and operating environment in accordance with operating procedures
- reading, interpreting and following relevant instructions, procedures, information and signs
- selecting and using required personal protective equipment conforming to industry and work health and safety (WHS)/occupational health and safety (OHS) standards
- servicing equipment in terms of maintenance schedule and operating procedures
- working systematically with required attention to detail without injury to self or others, or damage to furniture or equipment.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- housekeeping standards and procedures
- insurance rights and responsibilities
- methods of securing a load on a removal vehicle
- risks for handling furniture and effects during a removal and related precautions to control risks
- specialised lifting equipment and procedures for its use
- WHS/OHS procedures and guidelines for lifting and moving loads
- workplace procedures and policies for handling furniture and effects.

Assessment Conditions

As a minimum, assessors must satisfy applicable regulatory requirements, which include requirements in the *Standards for Registered Training Organisations* current at the time of assessment.

As a minimum, assessment must satisfy applicable regulatory requirements, which include requirements in the *Standards for Registered Training Organisations* current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment include:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and personal protective equipment currently used in industry.
