**Release: 1**

## TLIE3009 Use pilot and escort communication

### Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

### Application

This unit involves the skills and knowledge required to use pilot and escort communications equipment and resources, in accordance with relevant state/territory roads and traffic authority licence/permit requirements and regulations.

It includes deploying/operating equipment to communicate with drivers of oversized/overmassed vehicles and other relevant personnel during pilot and escort duties, and maintaining all required records.

Work is performed with limited or minimum supervision, and with limited accountability and responsibility for self and others in achieving the prescribed outcomes.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Pre-requisite Unit

Not applicable.

### Competency Field

E – Communication and Calculation

### Unit Sector
