Assessment Requirements for TLIF0025

Follow work health and safety procedures

Release: 1

Assessment Requirements for TLIF0025 Follow work health and safety procedures

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- applying action to minimise, control or eliminate hazards that may exist during work activities
- applying relevant legislation and workplace procedures
- completing documentation related to work health and safety (WHS)/occupational health and safety (OHS) in the workplace
- following WHS/OHS workplace procedures
- identifying containers and goods coding, markings and emergency information panels
- interpreting relevant safety-related information, workplace procedures and codes of practice
- reporting identified problems, faults or malfunctions in accordance with relevant legislation and workplace policies and procedures
- selecting, checking and using required personal protective equipment (PPE) conforming to industry and WHS/OHS standards
- working collaboratively with others when following WHS/OHS procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- emergency and evacuation procedures and appropriate responsibilities
- employee assistance or wellbeing programs
- housekeeping standards and procedures
- manual and mechanically-assisted lifting and load shifting procedures
- personal hygiene practices
- procedures for handling broken or damaged equipment
- recognition of HAZCHEM symbols and implications for safe work and storage
- relevant terms used in safety data sheets (SDS)/material safety data sheets (MSDS)
- relevant WHS/OHS procedures and guidelines
- reporting procedures for unsafe situations, fire hazards, broken or damaged equipment or fittings, sickness and accidents

- site layout and obstacles
- WHS/OHS warning signs and signals.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- relevant and appropriate materials, tools, equipment and PPE currently used in industry
- applicable documentation, including legislation, regulations, codes of practice, workplace procedures and operation manuals.
