TLIF0075 Demonstrate awareness of interacting with other road users

Release: 1

TLIF0075 Demonstrate awareness of interacting with other road users

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to demonstrate awareness of interacting with other road users in accordance with approved standards, safe working and regulatory requirements.

It includes identifying types of road users, the use and reason for road rules, and potential risk consequences of interacting with road users.

Work is performed under supervision, generally within a team environment.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

F – Safety Management

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1 Identify road users	1.1 Different road user groups are recognised
	1.2 Interactions between road user groups, both positive and negative, are acknowledged

		1.3	Strategies are suggested to assist in the positive interaction of road users
2	**Identify potential risk consequences of interaction with road users**	2.1	Potential risks for each road user group are recognised
		2.2	Potential consequences for each road user group are explained
		2.3	Potential risk and consequences when road user groups interact are identified
3	**Identify use and reason for road rules**	3.1	Road rules and their purpose are explained
		3.2	Sources of road rules and regulations are identified
		3.3	Rules and regulations for all road users are identified
		3.4	Rules and regulations governing road use are explained

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions can be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to TLIF0075A Demonstrate awareness of interacting with other road users.
