# **TLIF0078 Recognise motor vehicle road crash risks and post-crash actions**

**Release: 2**

# TLIF0078 Recognise motor vehicle road crash risks and post-crash actions

## Modification History

**Release 2.** This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- Minor statement changes in Assessment Conditions.

**Release 1.** This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Application

This unit involves the skills and knowledge required to recognise motor vehicle road crash risks and post-crash actions in accordance with approved standards, safe working and regulatory requirements.

It includes identifying types of motor vehicle crashes, the risks and causes for these crashes, and post-crash actions.

Work is performed under supervision, generally within a team environment.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit

Not applicable.

## Competency Field

F – Safety Management

## Unit Sector

Not applicable.

## Elements and Performance Criteria

### ELEMENTS

Elements describe the essential outcomes.

### PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- |  |            |   |
|--|------------|---|
| <b>1 Identify types of motor vehicle crashes</b>                       | <b>1.1</b> | Common types of motor vehicle crashes are identified and outlined   |
|  | <b>1.2</b> | Possible risk factors that contribute to motor vehicle crashes are identified                                   |
| <b>2 Identify risks and causes of motor vehicle crashes</b>            | <b>2.1</b> | Common causes of motor vehicle crashes are explained  |
|  | <b>2.2</b> | Human, environmental and vehicular factors that contribute to motor vehicle crashes are identified and outlined |
|  | <b>2.3</b> | Measures to prevent the most common road crashes are identified   |
| <b>3 Identify actions to be taken post-crash by drivers and others</b> | <b>3.1</b> | Legal obligations of drivers and others after a motor vehicle crash are explained                               |
|  | <b>3.2</b> | Practical strategies that can be applied to a crash scene to decrease further risk are identified               |

## Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

## Unit Mapping Information

This unit replaces and is equivalent to TLIF0078A Recognise motor vehicle road crash risks and post-crash actions.
