

**Australian Government**

# **TLIF2018 Operate firefighting equipment**

**Release: 2**

# TLIF2018 Operate firefighting equipment

## Modification History

**Release 2.** This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- Minor statement changes in Application
- Minor statement changes in PC 1.1
- Minor statement changes in Performance Evidence
- Minor statement changes in Knowledge Evidence
- Minor statement changes in Assessment Conditions.

**Release 1.** This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Application

This unit involves the skills and knowledge required to operate firefighting equipment. Work is undertaken in accordance with relevant codes of practice, manufacturer instructions and workplace emergency response procedures, as part of work activities within the supply chain sectors.

It includes checking, identifying, selecting and using the appropriate firefighting equipment.

Work is performed under some supervision generally within a team environment.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit

Not applicable.

## Competency Field

F – Safety Management.

## Unit Sector

Rail sector.

## Elements and Performance Criteria

### ELEMENTS

### PERFORMANCE CRITERIA

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

#### **1 Check firefighting equipment**

**1.1** Firefighting equipment is checked for serviceability in accordance with manufacturer instructions and regulatory requirements

**1.2** Non-functioning equipment or equipment past its service date is identified and reported to designated personnel for replacement or service

#### **2 Use firefighting equipment**

**2.1** Equipment and personal safety equipment used for fighting fires are correctly selected for type of fire in accordance with manufacturer instructions

**2.2** Fire is controlled using firefighting equipment in accordance with manufacturer instructions and workplace emergency response procedures

**2.3** Equipment is stored safely in accordance with manufacturer instructions and workplace procedures

## Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

## Unit Mapping Information

This unit replaces and is equivalent to TLIF2018A Operate firefighting equipment.
