TLIF2019 Ensure a safe on-board passenger and working environment

Release: 1

TLIF2019 Ensure a safe on-board passenger and working environment

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to ensure a safe on-board passenger and working environment in accordance with work health and safety (WHS)/occupational health and safety (OHS) regulatory requirements, relevant codes of practice, insurance and workplace requirements, as part of work activities in the transport and logistics industry.

It includes performing checks and inspections, rectifying and reporting work hazards and non-compliances, and completing all required documentation.

Work is performed under some supervision, generally within a team environment.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

F – Safety Management

Unit Sector

Not applicable.

Elements and Performance Criteria

Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1 Perform checks and inspections	1.1 Non-compliances are identified in accordance with WHS/OHS procedures and statutory requirements
	1.2 Actual and potential hazards are accurately identified

2	**Rectify and report work hazards and non-compliances**	2.1	Hazards and non-compliances are reported in accordance with workplace instructions
		2.2	Appropriate action to minimise or eliminate identified hazards is taken in accordance with workplace procedures and WHS/OHS regulations
3	**Complete documentation**	3.1	Procedures and processes for required records, reports and other documentation concerning inspections, identified safety hazards and action taken are confirmed
		3.2	Required records, reports and other documentation concerning inspections, identified safety hazards and action taken are completed and proofread
		3.3	Required records, reports and other documentation concerning inspections, identified safety hazards and action taken are processed in accordance with workplace and WHS/OHS regulatory requirements

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions can be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to TLIF2019A Ensure a safe on-board passenger and working environment.
