**Release: 1**

# TLIF3014 Operate as an off-sider in the waste management industry

## Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Application

This unit involves the skills and knowledge required to operate as an off-sider on a waste collection vehicle, which involves getting in and out of the vehicle or on or off the vehicle at frequent intervals.

It includes following work health and safety (WHS)/occupational health and safety (OHS) requirements, assessing risks, mitigating risks, and using communications systems effectively.

This unit applies to new and experienced workers who take on the role of off-sider in the waste management industry.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit

Not applicable.

## Competency Field

F – Safety Management

## Unit Sector

Not applicable.
