TLIF3085 Apply local incident response procedures

Release: 2

TLIF3085 Apply local incident response procedures

Modification History

Release 2. This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- Minor word change in Knowledge Evidence
- Minor statement changes in Assessment Conditions.

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to apply local incident response procedures in accordance with relevant regulations and workplace procedures.

It involves applying basic emergency response principles when dealing with incidents within a defined local area. It also includes responding to an incident, carrying out incident response activities and completing follow-up actions.

Work must be carried out in compliance with relevant regulations and emergency workplace procedures concerning actions to be taken in an emergency.

Work is performed under minimal supervision.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

F – Safety Management

Unit Sector

Not applicable.
