**Release: 1**

# Assessment Requirements for TLIG1001 Work effectively with others

## Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying relevant legislation and workplace procedures
- communicating and working effectively with others when completing work activities
- interpreting and following operational instructions and prioritising work within the team
- modifying team activities depending on operational contingencies, risk situations and environments
- monitoring team activities in terms of planned schedule
- reading and interpreting instructions, procedures, information and signs relevant to working with others as a team
- reporting and/or rectifying identified misunderstandings and problems promptly using appropriate strategies, in accordance with regulatory requirements and workplace procedures
- working systematically with required attention to detail without injury to self or others, or damage to goods or equipment.

## Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- basic principles of teamwork
- focus of operation of work systems, equipment or management, site and organisational operating procedures
- relevant workplace standards and procedures, and duty of care requirements
- typical misunderstandings and problems that can occur in the workplace and appropriate ways of dealing with them
- workplace structures and the roles and responsibilities of team members.

## Assessment Conditions

As a minimum, assessors must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations, current at the time of assessment.

As a minimum, assessment must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations, current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment include:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment currently used in industry
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals.
