TLIL2060 Complete induction to the transport industry

Release: 1

TLIL2060 Complete induction to the transport industry

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to complete workplace induction procedures when commencing work in the transport and logistics industry, in accordance with regulatory requirements, and operational policies and procedures.

The unit enables a driver to enter and participate in typical workplace activities. It includes identifying major areas of the industry in terms of functions, organisational structures and occupations; applying legislation, regulations and codes of practice; and identifying key industrial relations elements.

This unit applies to all employees wishing to enter the transport and logistics industry; however it is predominantly aimed at taxi to multi-combination drivers. It can also be used within the warehousing and logistics sectors of the industry.

Work is performed with limited or no supervision, and with full accountability and responsibility for self and others in achieving the prescribed outcomes.

This unit meets part of the certification requirements for obtaining taxi driver accreditation. As requirements may vary between states and territories, people seeking taxi accreditation should contact their state/territory taxi regulator.

Pre-requisite Unit

Not applicable.

Competency Field

L – Resource Management

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS

PERFORMANCE CRITERIA
