Assessment Requirements for TLIO0001 Undertake emergency response action to a security threat

Assessment Requirements for TLIO0001 Undertake emergency response action to a security threat

Modification History

Release 2. This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- PC 1.3 minor word changes
- Reordered Knowledge Evidence
- Minor statement changes in Assessment Conditions.

Release 1. This is first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant agreements, codes of practice or other legislative requirements
- applying relevant workplace procedures
- communicating effectively with others
- completing relevant documentation
- identifying and correctly using relevant processes and procedures
- implementing contingency plans
- interpreting and following operational instructions and prioritising work
- modifying activities depending on operational contingencies, risk situations and environments
- monitoring work activities in terms of planned schedule
- reading and interpreting relevant instructions, procedures, information and signs
- working collaboratively with others
- working systematically with required attention to detail without injury to self or others, or damage to goods or equipment.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- contingency planning for managing and controlling security/terrorist threats
- emergency management plan and procedures
- government guidelines in relation to terrorist threats

- operational procedures for identifying security/terrorist threats and undertaking emergency response
- relevant state/territory permit and licence regulations and requirements
- relevant work health and safety (WHS)/occupational health and safety (OHS) procedures and guidelines
- requirements for approved work procedures and relevant equipment
- risk and hazard-related precautions to control security/terrorist threats
- typical problems that can occur when undertaking emergency response action to a security/terrorist threat and appropriate action that can be taken to prevent or solve these problems.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include:

- a range of relevant exercises, case studies and/or simulations
- relevant materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation including workplace procedures, regulations, emergency management plan, codes of practice and operation manuals.
