TLISS00100 Logistics Sustainment Management Skill Set

Release 1

TLISS00100 Logistics Sustainment Management Skill Set

Modification History

Release 1. New Skill Set.

This Skill Set replaces and is equivalent to the TLISS00028 Logistics Sustainment Management Skill Set.

Description

This Skill Set is for individuals who work as logistics sustainment managers.

Pathways Information

The TLISS00100 Logistics Sustainment Management Skill Set is part of the TLI Transport and Logistics Training Package.

Licensing/Regulatory Information

Candidates should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **4 units** of competency must be attained.

TLIX50 Develop and review materiel sustainment plans
12

TLIX50 Develop materiel sustainment processes and procedures
13

TLIX50 Manage materiel sustainment operations
14

TLIX50 Provide specialist materiel sustainment advice
19

Target Group

People interested in a management role, generally in the in-service phase of the materiel life cycle. A manager will use integrated logistics support (ILS) and other disciplines to manage mission and support systems. Sustainment managers often manage a team.

Suggested words for Statement of Attainment

This TLISS00100 Logistics Sustainment Management Skill Set from the TLI Transport and Logistics Training Package meets the industry requirements for the logistics sustainment management function.
