TLISS00230 Rail Operations Safeworking Skill Set

Release 1

TLISS00230 Rail Operations Safeworking Skill Set

Modification History

Release 1. This is the first release of this Skill Set in the TLI Transport and Logistics Training Package.

This Skill Set replaces but is not equivalent to the TLISS00152 Rail Operations Safeworking Skill Set.

Description

This Skill Set is for individuals who are required to apply safeworking as part of their duties within a rail operations environment.

Pathways Information

The TLISS00230 Rail Operations Safeworking Skill Set is part of the TLI Transport and Logistics Training Package and is a pathway to the Certificate III in Rail Customer Service qualification.

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

A total of **4 units** of competency must be attained.

TLIC0016 Identify and respond to signals and trackside signs

TLIF0008 Apply safety critical communications in the rail environment

TLIF0020 Safely access the rail corridor

TLIF3058 Apply safeworking rules and regulations to rail functions

Target Group

People who have a Certificate II in Rail Customer Service or higher qualification, work in a rail operations environment and are required to apply limited safeworking activities as part of their duties.

Suggested words for Statement of Attainment

The TLISS00230 Rail Operations Safeworking Skill Set from the TLI Transport and Logistics Training Package meets the industry requirements for individuals who work within a rail operations environment and are required to carry out safeworking activities.

Custom Content Section

The content must be customised for a rail operations environment.
