TLIU2012 Participate in environmentally sustainable work practices

Release: 1

TLIU2012 Participate in environmentally sustainable work practices

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to participate in environmentally sustainable work practices.

It includes identifying current resource usage, complying with environmental regulations and implementing performance improvement strategies to reduce negative environmental impacts of work practices.

This unit applies to individuals who work with others, often in a team environment and who participate in environmentally sustainable work practices.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

U – Environment

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS	PERFORMANCE CRITERIA
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1 Identify current resource use	1.1 Workplace environmental and resource efficiency issues are identified
	1.2 Resources used in own work role are identified
	1.3 Current use of identified resources is documented in

	relation to identified workplace environmental and resource efficiency issues
2 Comply with environmental regulations	2.1 Workplace environmental hazards are identified and reported to appropriate personnel
	2.2 Organisational procedures are followed to ensure compliance with environmental regulations
	2.3 Environmental breaches or potential breaches are reported to appropriate personnel
3 Implement performance improvement strategies	3.1 Organisational plans to improve environmental practices and resource efficiency are followed
	3.2 Suggestions are made for improvements to workplace practices in own work area

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions can be found in the Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to TLIU2012A Participate in environmentally sustainable work practices.
